***DAIAN Original Design Patent**

DAIAN's new designs DA-595V/595VA are very favored in the market. We provide two different covers for this design whose sizes are suitable for regular skinny cans, including sparkling water, soft drinks.

And just like the original, double-wall insulation is what makes your drink stays icy cold, so you can enjoy a cold craft brew even when the sun's blazing.

DA-599V

Feature

- 18/8 Stainless Steel
- Double-wall Vacuum Insulation
- No Sweat Design

DA-599V is the short version of DA-595V but with a removable bottle mouth. It's capable of holding a regular size coke or you can use it as a regular cup.

12 oz. size is perfect for sparkling water, soft drinks, and good old-fashioned beer, all kept straight-from-the-cooler cold while kicking back on the boat, at camp, or wherever good times are going down.

Specifications

Capacity:

DA-700V

DA-700V/701V*

*Canton Fair Special Edition

Pattern brings fortune - XiShi

This pattern **XiShi** is inspired by the natural phenomena in Qinling Mountains where is located in Xi'an China. Every fall season, magpies (**Xi**) winter in villagers' house and feed themselves with sweet persimmons (**Shi**) on trees at the front yard. This natural phenomenon shows a perfect image between people and nature. It also forms two meaningful Chinese letters "**XiShi**", which stands for **happy moment**.

XiShi is designed in a 50*50 square art board which is able to multiply to form a large map without any restriction. That means it can fit any surfaces with different size.
